

Innovation, Collaboration, Positive Disruption

Learning Expedition Virtuelle (VLEX)
Silicon Valley, Scandinavie, Afrique
25 au 29 octobre 2021

An aerial photograph of the Golden Gate Bridge, showing its iconic orange-red towers and suspension cables stretching across a vast, deep blue body of water. The perspective is from directly above, looking down the length of the bridge.

La crise du Covid 19 a bousculé toutes les certitudes.

Innover est plus que jamais essentiel.

Innover avec conviction, avec les meilleurs dans le monde entier et en coopération avec vos pairs est le chemin.

Et si vous aviez accès à une fenêtre ouverte sur le monde, à des idées pour rebondir et à un processus prouvé d'inspiration, de collaboration et de motivation?

Visites et rencontres

Kaiser Permanente

thrive.kaiserpermanente.org/

Kaiser Permanente is one of the largest nonprofit healthcare plans in the United States, with over 12 million members. It operates 39 hospitals and more than 700 medical offices, with over 300,000 personnel, including more than 80,000 physicians and nurses.

Salesforce - salesforce.com

Salesforce.com, Inc. is an American cloud-based software company headquartered in San Francisco, California. It provides customer relationship management (CRM) service and also provides a complementary suite of enterprise applications focused on customer service, marketing automation, analytics, and application development. In 2020, Fortune magazine ranked Salesforce at number six on its list, "100 Best Companies to Work For," based on an employee survey of satisfaction.

Cisco - cisco.com

Cisco Systems, Inc. is an American multinational technology conglomerate headquartered in San Jose, California, in the center of Silicon Valley. Cisco develops, manufactures and sells networking hardware, software, telecommunications equipment and other high-technology services and products.

CURATIVE - curative.com

Curative is scaling COVID-19 detection - screening millions of patients in the United States.

ARTERYS - arterys.com

Arterys is the market leader and the world's first internet platform for AI medical imaging. Its objective is to transform healthcare by transforming radiology. The Arterys platform is 100% web-based, AI-powered, and FDA-cleared, unlocking simple clinical solutions.

Alygne - alygne.me

A French-American startup (in stealth) building state of the art AI powered solutions for ethical information about brands. Alygne helps you align your actions with your opinions of brands to maximize your societal impact. Founded by Gregory Renard, one of the leading French-American AI thinkers and entrepreneurs, Alygne represents the state of the art in the application of AI to real business and social challenges.

Visites et rencontres

Pierre Antoine Gourraud France – Silicon Valley

Professor Pierre-Antoine Gourraud, Ph.D. is a professor at the Faculty of Medicine of the University of Nantes and former associate professor in the Department of Neurology at the University of California at San Francisco (UCSF, USA). He heads the Data Clinic at CHUN which is in charge of developing the biomedical data warehouse at Nantes University Hospital. He leads a team of 12 trained epidemiologists. Founder Methodomics

Jean Pommier IBM

Jean Pommier is a Distinguished Engineer and CTO in IBM's Hybrid Cloud Technical Engagement services organization, in charge of Digital Business Automation services and Service Engineering for the Cloud Integration practices. Prior to joining IBM in 2008 he was ILOG's VP of Methodology and led the Worldwide Professional Services for ILOG.

UCSF School of Medicine

Consistently ranked among the nation's top medical schools, the UCSF School of Medicine earns its greatest distinction from its outstanding faculty – among them are five Nobel laureates. The UCSF School of Medicine strives to advance human health through a fourfold mission of education, research, patient care and public service.

Singularity university

Singularity University is a global learning and innovation community using exponential technologies to tackle the world's biggest challenges and build a better future for all.

SU's collaborative platform empowers individuals and organizations across the globe to learn, connect, and innovate breakthrough solutions using accelerating technologies like artificial intelligence, robotics, and digital biology.

Vironova – Vironova.com

Vironova is a Swedish biotechnology and software company providing comprehensive hardware, software, and services for the analysis of nanoparticles. Vironova revolutionizes access to transmission electron microscopy-based image analysis in biopharmaceutical development.

Visites et rencontres

DESIGN DOING/THINKING Workshop by [Blaise Bertrand](#)

Blaise Bertrand is the former Head of Creative at Facebook, Building 8. Building 8's goal is to create and ship new, category-defining consumer hardware products that are social first (with augmented and virtual reality, artificial intelligence, connectivity).

Prior to joining Facebook, Google and IDEO, Blaise led Motorola design teams in Milan, Italy; he also spent time working in Silicon Valley with Adobe Systems. Blaise's passions include the future of mobility, the evolution of the car industry, and pushing forward the craft of design in the world.

Maharishi Invincibility Institute - www.ecubed-dbe.org

With schools shutting down due to the COVID-19 pandemic, students all over the world have not been able to attend classes. Which is why The Maharishi Invincibility Institute (MII) is working to ensure that students in South Africa aren't further affected by the loss of curriculum time due to the schools-shutdown.

Social Networking - [Virbela](#)

VirBELA is a new virtual world designed for business and education, allowing the future of distributed work to feel more natural in an immersive environment where people sit together in room and hear each other through spatial audio. A transformative experience, 10+ years after Second Life.

Haima Health Initiative Haimahealth.org.ng

Saving lives by enabling safe blood drives

Due to social distancing measures, blood drives in public spaces have been put on hold. However, the need for blood remains constant, which is why Haima Health Initiative came up with "social distancing blood drives" to provide a safe space for blood donors to donate to meet the growing need of blood banks in Nigeria

DELANCEY STREET FOUNDATION - delanceystreetfoundation.org

a nonprofit organization that provides residential rehabilitation services and vocational training for substance abusers, homeless and convicted criminals. It is the country's leading residential self-help organization for those who have hit bottom. It reintegrates its residents into mainstream society by operating various businesses that are wholly managed and run by the residents themselves. The foundation's methods have been widely praised and have been emulated internationally.

Merveilleuse et éclairante expérience de Learning expédition avec RealChange et une équipe dévouée. Une semaine de la Silicon Valley à Shenzhen en passant par Stockholm à la rencontre d'intervenants inspirants et d'équipiers enthousiastes et bienveillants. La planète "innovation" est devenue notre terrain de jeu désormais ! Avec Gratitude ! 🙏
